

20' Intermodal Warehouse System (IWS) "298"

\$B9120.298
20' Intermodal Warehouse System (IWS)
"298"

STANDARD PRODUCT FEATURES

- An inter-connectable, all-steel, cargo-carrying platform and field warehousing system
- IWS can be rolled in and out of standard ISO shipping containers, or transported on a flatbed truck, trailer
- IWS can be stacked two or three high for transportation, potentially tripling shipping capacity
- IWS can be stacked up to 4-high for warehousing or nested up to 15-high when not in use
- IWS reduce quarantine risk as laden platforms are containerized and secure, removing the need to shrink wrap cargo
- IWS provide a platform to facilitate ergonomic loading of operational Stores/Field Installation Work Packages (FIWP)
- Each 20' IWS has a 21,605 lbs payload capacity with 8,377 lbs tie-down rails and loading restraint locking bars

* Legs, at various heights, for optimizing container space when stacking IWS
