Dear Friends:

Thank you for the invitation to the ribbon cutting ceremony for the new 51-acre manufacturing facility at Sea Box, Inc. in East Riverton. I am pleased to join you in celebrating the growth and success of your business in South Jersey.

Now employing over 150 workers, your expertise in designing and manufacturing ISO cargo containers and flat racks has allowed for Sea Box's impressive development and accomplishments. The new facility will further enhance Sea Box as an asset to both the local community and the entire state. With clients ranging from Fortune 500 companies to branches of the United States armed forces, it is clear that Sea Box, Inc. has value that extends far beyond the borders of New Jersey.

Once again, congratulations on this special occasion. Please accept my best wishes for your continued success in the years to come.

Sincerely,

FRL:zm
